All polling locations in Montgomery County will be in public school buildings that are closed.

### Montgomery County Consolidates Polling Location for June 2nd Primary Revised Polling Locations in Cheltenham

Montgomery County's Election Board received approval on May 11, 2020 on its plan to reduce the number of polling locations in Montgomery County from 352 to 140, which is the lowest number allowed under state law. The recent amendments to the Pennsylvania Election Code allow for a one-time consolidation of polling locations for the 2020 Primary Election to ease the burdens being felt by counties regarding their ability to administer the election during the current COVID-19 epidemic.

The County Board of Election's new plan relocates all polling locations to Montgomery County public school buildings that are closed to the public. [Updated Polling Locations PDF](#)

This is a temporary change that applies only to the Primary on June 2nd. Jurisdiction and Montgomery County anticipates all precincts would return to their original locations for the General Election in the fall. [Polling Location page](#)
