May 28, 2021

Good afternoon everyone!

I have had the opportunity to review the most recent COVID-19 mandates, recommendations and advisories from the Governor's office and the CDC regarding public health and safety. As you know, we have been asking our Township Building staff to either work from home virtually, come into the office to pick up items to take home to work on, or work in the office with social distancing, mask wearing and separation from other staff members. To date, these modified operations have worked well, due primarily to the hard work and efforts of our staff. Police, Public Works, and EMS continue to perform their work as scheduled with modifications within the Public Works scheduling of staff and operations. Sanitizing of buildings and vehicles continue as previously stated in correspondence.

With the Township's current modified plan set to expire on Monday, May 31, the decision was made to extend this modified operational schedule through June 30, 2021.

As part of continuing the modified operational schedule, we are letting the Cheltenham community, as well as the Cheltenham Tax Office, Cheltenham Library, the various Township Fire Companies and the Cheltenham Township School District, know of this extension of our modified operational plan through June 30, 2021. For the Township building, we will deploy the previously used platoon and/or split schedule for staff to maintain the continuity of service while keeping our staff and community as safe as possible.

During this pandemic, I am so proud of our Township staff and their hard work, dedication, and commitment to the Cheltenham community! It is why we are the best community in Montgomery County and the best place to live, work, play and do business!

Sincerely,

Bob Zienkowski  
Township Manager
