4/9 6:30PM

Numerous dates

Church Road: Commercial Building Fire. A building undergoing renovation quickly filled with smoke after new electric wiring inadvertently crossed energized high voltage equipment. The fire was confined to the large switchgear equipment that was housed in a noncombustible room. The large area building had filled with smoke and took an extended period to ventilate. PECO disconnected power to the building until repairs could be made.
 Manchester Road: Dwelling. Companies were dispatched to a dwelling being extinguished by a resident with a garden hose. Companies overhauled outdoor furniture, trash and found numerous small fires in a patio area of a dwelling being extinguished by a resident with a garden hose. Companies overhauled outdoor furniture, trash and leaves that had ignited when a pressurized vessel was thrown into a masonry patio fireplace. The fire caused minor damage to a portion of the dwelling exterior.
 Field, woods and mulch fires: As is typical in the spring dry weather, dead brush and wind contributed to many vegetation fires including several extended operations along the Tootary Creek area and an area within High School Park. Almost all can be attributed to carelessness. Even a slight breeze is enough to fan small discarded smoking materials into significant fire in dry brush. Once spring rains add needed moisture to plants and brush the hazard of field fires is reduced dramatically.

The Public Safety Committee
The Board of Commissioners
c/o Bryan Havir, Township Manager
8230 Old York Road
Elkins Park, PA 19027

Dear Bryan,

Attached please find our Operational Report for May of 2017. Our financial, detail, and statistical report for April of 2017 are also attached.

As we celebrate our 35th anniversary, I was interviewed by a reporter from The Time Chronicle. His four (4) hours with me and other staff members resulted in an excellent article about the history of Emergency Medical Services (EMS) in Cheltenham. A copy of the article is attached.

As we have for almost ten (10) years, we agreed to participate with Cheltenham High School in their Mock DUI Crash. This year's event will be held on Wednesday, June 7th at 7:30 a.m. at the front of the High School. I attended several meetings with Fire, Police, and School personnel to discuss and plan this event.

I worked with the Montgomery County Communications department on the programming of our new portable and mobile radios. These should be delivered in the next several months.

During the month, there was continued discussion about body armor for EMS employees. We learned that a paper will be delivered (at the end of June) to the National Fire Protection Association (NFPA) regarding suggested rules for body armor when worn by fire and EMS personnel. We will await this paper before implementing our rules.

Myself and the Advanced Life Support (ALS) Coordinator worked with the Police Department on allowing our Paramedics to draw blood on DUI cases. This is being done across the Commonwealth. Our paramedics will be able to draw blood at the Police Station, saving time and a trip to a local hospital for police. We will be able to bill the patient for this service. We are currently working on a Standard Operating Procedure.

June 1, 2017

Page 2

During the month, I met with the Township Manager and members of the Police Department regarding the Township's Automatic External Defibrillators (AED's). During the next three years all the current units in Township owned and maintained buildings and Police Cars will need to be replaced. By working as a team, we have reduced costs. All units will be standardized and all units will be compatible with the EMS defibrillators. Additionally, EMS will be taking responsibility for the downloading, care and maintenance. This will again be a cost savings as it is currently being handled for the Township by an outside vendor.

Please contact me if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Kenneth Hellendall". The signature is written in a cursive style with a large, prominent 'K' and 'H'.

Kenneth C. Hellendall
Director & Chief of Operations

Cheltenham EMS observes 35th anniversary

Organization has transformed over years to meet community needs

By Gil Cohen For Digital First Media May 31, 2017

CHELTHENHAM >> What do you do if you're running an ambulance squad and every road to your patient is blocked?

That was the problem facing Cheltenham Township Emergency Medical Services 10 years ago.

"There were two construction projects that were happening at the same time," recalled Ker Hellendall, the squad's chief of operations and executive director. "One took place on Route 100, the other on Church Road. Since the squad is located in the Cheltenham Township municipal complex on Old York Road, many crucial roadways were inaccessible. Fortunately, we were able to work with Arcadia University and the Pennsylvania Department of Transportation to come up with a solution. The university provided us with a house on Church Road, across the street from its campus, which became our substation and, simultaneously, we began using medics on motorcycles to reach accident victims on 309."

This was one of the landmark events in the history of Cheltenham Township Emergency Medical Services, which this year is observing its 35th anniversary. In 1981, the Cheltenham Township Board of Commissioners established the squad to provide the community with an organization dedicated solely to medical emergencies.

In the beginning, Hellendall recounted, the squad's ambulance was a Chevy Suburban SUV borrowed from the Cheltenham Township Police Department. The vehicle was equipped with oxygen tanks, blood pressure cuffs, thermometers, bandages, splint, a collapsible stretcher and a stair chair. A sign that said, "Emergency Medical Service," was placed on the side window and the volunteers were in service on Thursday, Friday and Saturday nights.

"When we weren't in service," Hellendall said, "the police department responded to medical emergencies."

During its first year of operation, the squad's 29 volunteer members answered 294 emergency calls. Today, Cheltenham Township Emergency Medical Service is one of the busiest ambulance associations in Montgomery County, responding to more than 3,300 emergencies annually.

its main station on Old York Road and its substation on Church Road. The squad services an area of 8.5 square miles and a population of 34,000.

For 10 years, until 1992, the squad operated strictly with volunteers. Thereafter, Hellendall said it became apparent that "we needed to hire a paid crew of emergency medical technicians. This was partially the result of a Montgomery County mandate that all ambulance associations provide 24-hour-a-day, seven-days-a-week service. "This was a requirement we could not fulfill with volunteers alone."

Six years later, the squad, which originally provided basic life support service (BLS) only, added advanced life support (ALS) services to its capabilities, handling life-threatening emergencies. To perform at this higher level of service, the squad was once again required to boost personnel qualifications by hiring paramedics.

"One of the things that sets us apart from other ambulance associations in Montgomery County," Hellendall said, "is that we are municipally run. Other squads answer to their own elected officers. Our bosses are the township commissioners. We are the only squad in the county organized in this way. What it means is that discipline is much more strict. Everything has to be done by the book. If the commissioners say we need to change the color of our uniforms then we have to oblige."

Because the squad is municipally run, hiring of the career staff is through the civil service.

"There's a lot to be said for this approach," Hellendall said. "If a candidate is required to pass a civil service scrutiny, you know you will end up with a medic who adheres to a high standard of performance."

**Township of Cheltenham
Emergency Management
8230 Old York Road
Elkins Park, Pennsylvania
19027**

June 1, 2017

The Public Safety Committee
The Board of Commissioners
c/o Bryan Havir, Township Manager
8230 Old York Road
Elkins Park, PA 19027

Dear Bryan,

Attached is the Emergency Management report for May 2017. The report of the Deputy Emergency Management Coordinator is also attached.

I was the MC for the EDITS conference which was a resounding success. A total of 370 attendees (our largest ever) heard speakers from across the country speak about Police, Fire, and EMS related incidents. The event was financially self-sufficient and received grants from the Montgomery County Consortium and the task force. This event will be held again in 2019.

As the Montgomery County Communications continues distribution of new radios, our Emergency Management Team will be receiving radios in the near future. During the month I worked with the County Team to insure proper programming and identification of each radio.

There was continued progress on the barricade vehicle. During the month several vehicles were identified as possibilities. Prices were received for items to be placed in the vehicle. We would like to place this vehicle in service during the 3rd or 4th quarter.

Please contact me if you have any questions.

Sincerely,

Kenneth C. Hellendall
Emergency Management Coordinator

Re: Monthly Report

**One Mission
One Team**

Below are the activities that I participated in during the month May 2017:

- Organized and completed 3 day EDITS Training Conference – Total attendees was 370 including Monday evenings volunteer session
- Worked with EDITS accounting staff to finalize all payments, registration and budget
- Attended Monthly Eastern Regional Emergency Management in Upper Moreland Township
- Spent full day at Germantown Friends School meeting with faculty and staff to train them on the current emergency plan
- Continued work on building emergency plans for Germantown Friends School - completed 2 more building plans with 2 more on draft
- Moved and programmed electronic sign boards for various requests
- Worked on equipment issues related to flood gates and barricade truck
- Worked on several equipment related issues including radios, staff cell phones etc.
- Monthly cable / internet and phone bill
